

**Updated visitor policy effective 2/15/2021:**

Please take a moment to read our current procedures during COVID, which go into effect immediately. Remember that due to this pandemic, **CHILDREN are not allowed** in our office at this time and **MASKS ARE REQUIRED**.

Our top priority at Associates in Womens Health is to keep our patients, staff, and community safe. We continue to actively plan, prepare, and take action to prevent the spread of illness.

- **ALL** individuals who enter our office are **REQUIRED** to wear a mask or other face covering (scarf, bandana, etc.) during the entire time they are in our office. If you are not wearing a face covering, you will be asked to reschedule. **We do not have masks available for patients.**
- Please make sure no one in your family is experiencing any type of illness (example: fever, cough, sore throat, etc.). If you or your family show any symptoms of illness or have tested positive for COVID-19, please call us at (402) 697-7200 to reschedule.
- Please check in prior to your visit via Phreesia text/email. This includes our COVID-19 screening form which will need to be completed before the front desk can check you in.
- When you arrive, please proceed directly to our waiting room, no need to text or call unless you have COVID-19 symptoms.

These are the only appointments in which a guest is allowed:

1. One guest for 1st OB visit (not for regular OB visits)
2. One guest for the following ultrasound appointments:  
NT, 20 week OB#1 and 32-34 week OB#2 (if needed)
3. **Children are NOT allowed** in our office as guests for any type of visit
4. One guest for initial infertility consult
5. One parent allowed with a minor child
6. Translator allowed for visit
7. Only patients and one guest for the above appointments are allowed in our waiting room/office

These policies are subject to change at any time. Thank you for your cooperation.
